

I've Got The Time!

Daylight Savings Time Sundial

Standard Time Sundial

I

Use a finger, pen or stick as gnomon, the longer and thinner, the better!

II

Face due South, the Sun's direction at 12 noon standard time, 1PM daylight savings time!

III

Place gnomon on this month's Sun image on analemma, straight out and horizontal!

IV

Current time is where shadow of gnomon appears on appropriate time dial!
